## **1/4 INCH - PORTABLE ELECTRIC DRILL**

**\$18.95**

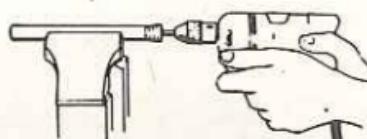

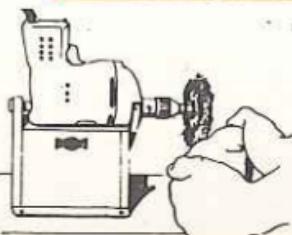

Catalog No. HU-1

**1/4" CAPACITY IN STEEL  
7 5/8" LONG  
WEIGHS 3 1/4 LBS.**

There are hundreds of "odd job" uses for this handy, practical Home-Utility  $1/4$ " Drill . . . all at a popular price. And it's built by the world's largest maker of portable electric tools. *In the Home and Hobby Shop*, it helps build and repair furniture, install hardware and fixtures, repair electrical, heating and plumbing appliances, garden tools and radios. *On the Farm*, it saves hours in repairing tractors, trucks, machines, tools, wagons, harnesses. *In the Hobby Shop*, it drills in all materials, makes lead holes and countersinks, drives wire brushes and many accessories.

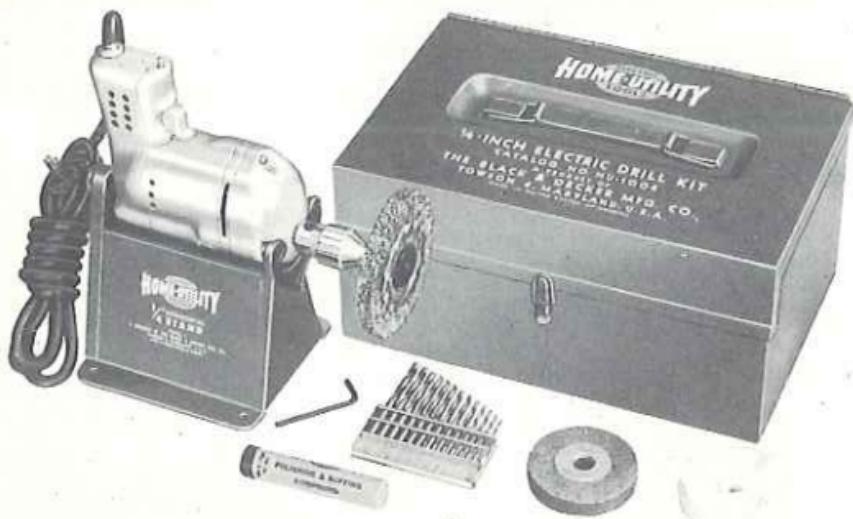

### **LOOK at these FEATURES!**

- 1** Operates from any 115-volt A.C. or D.C. circuit.
- 2** Fast-operating Jacobs hex-key chuck.
- 3** Instant-release trigger switch.
- 4** 3-wire electric cord for ground connection.
- 5** Strong, light die-cast aluminum housing fits hand.
- 6** Sturdy gears, pinions, bearings.

## 1/4" ELECTRIC DRILL KIT

EVERYTHING necessary for Drilling, \$39.95  
Grinding, Cleaning, Burnishing and Catalog No.  
Buffing is assembled in this fitted, HU-1004  
carrying kit. Hold the versatile Home-Utility 1/4" Electric  
Drill in one hand or mount it in the convenient Horizontal Stand provided to free both hands for applying  
the work. With its well-planned group of Accessories,  
there are hundreds of "Odd-Job" uses for this light,  
handy Kit in the Home Workshop or on the Farm. Sup-  
ports in the steel Kit Box hold each item in its proper  
place—while being carried or used as a storage box.  
Some of the many applications are:

- Drilling for Cabinet Work
- Sharpening Knives and Tools
- Removing Rust and Old Paint
- Polishing Hardware
- Burnishing Metal Parts
- Drilling out Broken Rivets
- Grinding off Burrs
- Cleaning with Wire Brush

## 1/2 INCH-PORTABLE ELECTRIC DRILL

**\$35.95**

Catalog No. HU-20

**1/2" CAPACITY IN STEEL  
WEIGHS 9 1/2 LBS.  
15 5/8" LONG**

### Useful FEATURES!

- 1 Aluminum housings reduce weight, stand hard use.
- 2 Instant-release trigger switch . . . 3-wire electric cord.
- 3 "Universal" motor runs on 115-volts, A.C. or D.C.
- 4 Jacobs hex-key chuck operates fast, holds tight.
- 5 Spade handle and removable pipe handle.

For general "all-purpose" drilling—in all kinds of materials—the Home-Utility  $1/2$ " Drill is your practical buy. It drills from  $1/8$ " to  $1/2$ " in steel, drives wood augers up to  $7/8$ ", hole saws up to  $2\frac{1}{2}$ ". On the Farm, it has "extra" capacity for drilling larger holes in machinery, rigging, construction and repair work. In the Hobby Shop, it makes a handy drill press in the Bench Stand. Out on the Job, it handles many installation, maintenance and repair jobs.

# ELECTRIC HOME-UTILITY TOOLS

## HORIZONTAL STAND

FOR  $\frac{1}{4}$ " DRILL AND 5" SANDER-POLISHER

**\$3.35**

Catalog No.  
HU-2302

To permit the Home-Utility  $\frac{1}{4}$ " Drill or 5" Sander-Polisher to be clamped horizontally on a bench this stand is provided. Both hands are free to apply work in using grinding wheels, buffing wheels, wire wheel brushes and many abrasive accessories. Also required for using Disc Sanding Table Attachment.

## BENCH STANDS (Vertical)

Cat. No.  
HU-2300

**\$11.45**

Cat. No.  
HU-2301

**\$17.45**

$\frac{1}{4}$ " Bench Stand for  $\frac{1}{4}$ " Portable  
Electric Drill and 5" Sander-Polisher

$\frac{1}{2}$ " Bench Stand for  $\frac{1}{2}$ "  
Portable Electric Drill

The Home-Utility  $\frac{1}{4}$ " and  $\frac{1}{2}$ " Bench Stands are time-saving, work-improving additions to your equipment. Tools fit into their stands in a few seconds . . . and are removed just as quickly. Frees one hand to guide work and lubricate drilling.

# ELECTRIC HOME-UTILITY TOOLS

## 5-INCH SANDER-

## POLISHER

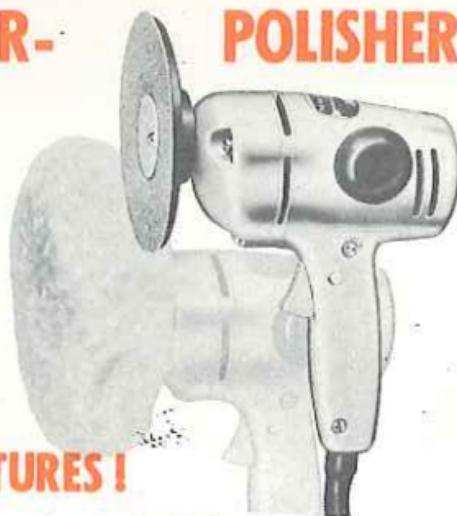

**\$29.95**

Cat. No. HU-50

**6 5/8" LONG**

**WEIGHS 3 1/2 LBS.**

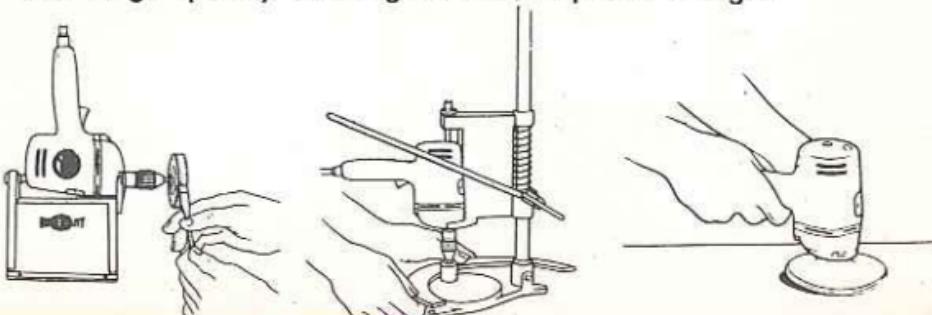

(with sanding  
disc attached)

## OUTSTANDING FEATURES!

- 1 Strong light die-cast alum. housing 115-volt "Universal" motor.
- 2 Instant-release trigger switch—can be locked "ON" if desired.
- 3 10 feet of 3-conductor cable—third wire for grounding.
- 4 Balanced design with comfortable handling for one or two-handed use.
- 5 Complete standard equipment includes rubber backing pad, 3 sanding discs, lambswool bonnet and can of Electric Wax.

Surprisingly versatile, the Home-Utility 5" Sander-Polisher offers quick results in sanding and polishing all types of surfaces. Standard equipment includes a rubber backing pad, 3 sanding discs, lambswool bonnet and can of Electric Wax. With additional accessories (shown on the following pages) this tool will also drill, grind, clean, buff and burnish—performing these operations in a great variety of home, hobby-shop and farm jobs. "All-around" usefulness is the chief characteristic of this new tool. High quality motor gives ample power margin.

## SANDING AND POLISHING ACCESSORIES FOR 1/4" ELECTRIC DRILL AND 5" SANDER-POLISHER

### MOULDED RUBBER PAD

This Backing Pad for Sanding Discs, Lambswool Bonnets or Pile Fabric Pads is now available with either a 1/4" chuck spud or a threaded shank which screws directly into tool spindle.

CAT. No. HU-1302 5" Moulded Rubber Pad with spud for 1/4" Chuck ..... \$1.75

Cat. No. HU-1300 5" Moulded Rubber Pad with threaded shank \$1.75

### 5" SANDING DISCS

Package of 6—5" 50-grit (coarse) Open Grain Sand Discs —

CAT. No. HU-1410..... \$ .60

Package of 6—5" 80-grit (medium) Open Grain Sand Discs —

CAT. No. HU-1411..... \$ .50

Package of 6—5" 120-grit (fine) Open Grain Sand Discs —

CAT. No. HU-1412..... \$ .45

### SAND ANY SURFACE

### 5" LAMBSWOOL BONNET

\*For polishing and waxing at high speed ..... \$1.25

### 3" WIRE CUP BRUSH

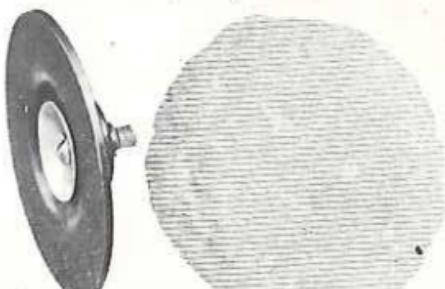

CAT. No. HU-1220

Has threaded hub—screws directly into tool spindle. For cleaning, burnishing and removal of rust and old paint..... \$2.40

### 5" PILE FABRIC PAD

CAT. No. HU-1301

For rubbing down "orange peel" and spray pits from new lacquer giving a smooth, uniform surface ..... \$1.25

RUBBER  
PAD AND BONNET

# ELECTRIC HOME-UTILITY TOOLS

## DISC SANDING TABLE ATTACHMENT

ATTACHMENT INCLUDES: 5" Metal Sanding Plate, "clamp-on" Sanding Table, 3 Sanding Discs (Coarse-Med.-Fine), Mitre Gage and Tube of Disc Cement for cementing Sanding Discs to Sanding Plate.

Cat. No. HU-1005

**\$8.25**

TO OWNERS of the Home-Utility 5" Sander-Polisher or  $\frac{1}{4}$ " Electric Drill and Horizontal Stand, the convenience and accuracy of a Sanding Table are offered in this new attachment. The sanding plate and table may be quickly attached or removed and a wing nut on the under side of the table permits adjusting the working surface perfectly and at  $90^\circ$  to the disc. Sanding discs of various grades are attached by means of stick cement applied to the rotating sanding plate. To change sanding discs—peel off the old one and press on a fresh disc. The mitre gage guides the work and is calibrated at  $15^\circ$ ,  $30^\circ$ ,  $45^\circ$ ,  $60^\circ$ ,  $75^\circ$  and  $90^\circ$ . Material removal is rapid because of solid backing to the sanding disc and accuracy increased by support and guidance of the work.

**DISC SANDING TABLE  
ATTACHMENT CLAMPS  
DIRECTLY TO HU-2302  
HORIZONTAL STAND**

## AUTOMOBILE POLISH

Catalog No. HU-2196

(1 Pint Can)

Especially for use with power polishers this new, modern polish produces a BRILLIANT, CLEAN finish on all types of car surfaces. No oily residue or film is left to collect dirt! Polish is applied with a soft cloth on car panels and is worked out while damp using a buffering bonnet on your power tool. A long-lasting, polished surface results which is immediately ready for waxing if desired.....

**\$ .90**

## ELECTRIC WAX

Catalog No. HU-2197

(7 oz. Can)

Home-Utility Electric Wax has been carefully developed for use with the Home-Utility Sander-Polisher. Its peculiar properties make it ideal for power application. It will produce brilliant lasting results when used after Home-Utility Automobile Polish. Satisfactory results cannot be obtained where hand-rubbing or "self-polishing" waxes are employed with power polishers.

**\$ .50**

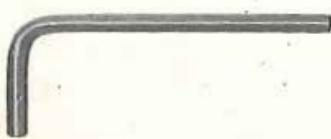

1/4" CHUCK

## 1/4" CHUCK

Catalog No. HU-1500

Screws directly into Sander-Polisher spindle to accommodate drill bits, band and wheel arbors, grinding wheels, buffering wheels, wire wheel brushes and abrasive accessories. Same as on 1/4" Drill. Complete with Hex Key.

**\$ 3.45**

JACOBS HEX KEY

Cat. No. HU-1501  
Jacobs Hex Key only...

**\$ .15**

# ELECTRIC HOME-UTILITY TOOLS

## ACCESSORY KITS

For use with any Electric Tool with  $\frac{1}{4}$ " Chuck

**\$4.50**

Buffing and  
Polishing Kit

Abrasive  
Kit

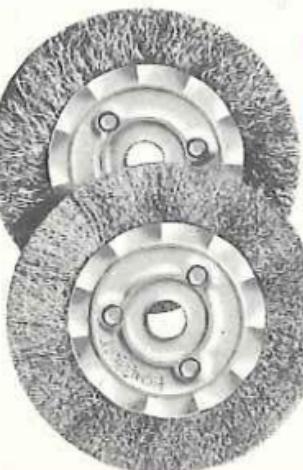

**\$4.50**

### ABRASIVE KIT (Cat. No. HU-1002):

- 4—1" dia. x 1" long Abrasive Bands (2 coarse; 2 fine)
- 4— $\frac{3}{4}$ " dia. x  $\frac{3}{4}$ " long Abrasive Bands (2 coarse; 2 fine)
- 4— $\frac{1}{2}$ " dia. x  $\frac{1}{2}$ " long Abrasive Bands (2 coarse; 2 fine)
- 3—Abrasive Rolls (1 cone and 2 cylinders)
- 4—Arbors to accommodate above abrasives

### BUFFING & POLISHING KIT (Cat. No. HU-1003):

- 1—3" Cotton Buffing Wheel ( $\frac{1}{2}$ " Arbor Hole)
- 1—4" Coarse Wire Wheel Brush ( $\frac{1}{2}$ " Arbor Hole)
- 1—3" General Purpose Grinding Wheel ( $\frac{1}{2}$ " Arbor Hole)
- 1—Tube of Polishing and Buffing Compound
- 1—Wheel Arbor  $\frac{1}{2}$ " diam.;  $\frac{1}{4}$ " shank)

### WIRE WHEEL BRUSHES

**USE FOR — CLEANING - BUFFING  
BURNISHING**

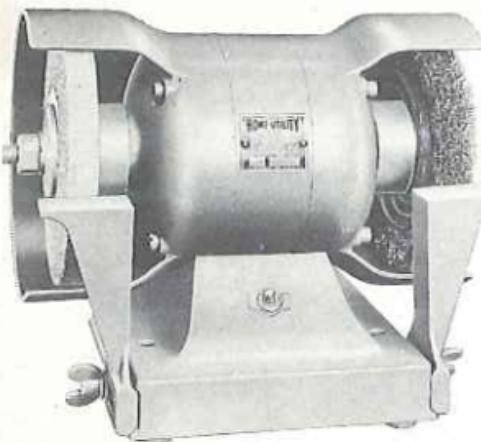

**REMOVE — RUST - SCALE - OLD PAINT.**

**USE ON — DRILLS - SANDER POLISHER  
FLEXIBLE SHAFTS - SPINDLES - LATHES.**

Available in quality wire of Fine and Coarse sizes—either size in a 4" or 6" diameter wheel. Each tuft is locked independently; hence a more dense and even brushing surface and less danger of loose wire. Brushes have  $\frac{1}{2}$ " arbor hole.

No. HU-1200 4" Fine Wire Brush .....	<b>\$1.45</b>

# ELECTRIC HOME-UTILITY TOOLS

## 6-INCH BENCH GRINDER

(115 Volts, 60 Cyc. A. C.)

**\$38.00**

Cat. No. HU-65

There are plenty of jobs in the workshop or on the farm where this handy Home-Utility 6" Bench Grinder will save time and money. Use the general-purpose grinding wheel to sharpen knives, tools, twist drills, shears, etc.—use the wire wheel brush for removing rust, scale, old paint and for cleaning, burnishing and preparing surfaces for soldering and welding.\*

This Grinder is powered by the famous Black & Decker 1/4" h.p. motor with rotor and wheel spindles mounted on full size ball bearings. Wheel guards are cast integral with the motor housing and tool rests are locked in base grooves with wing nuts and are adjustable for wheel wear.

When \$38.00 buys so much performance it doesn't pay to continue using slow, laborious hand methods. Order a HOME-UTILITY 6" BENCH GRINDER from your hardware, electrical or implement dealer today.

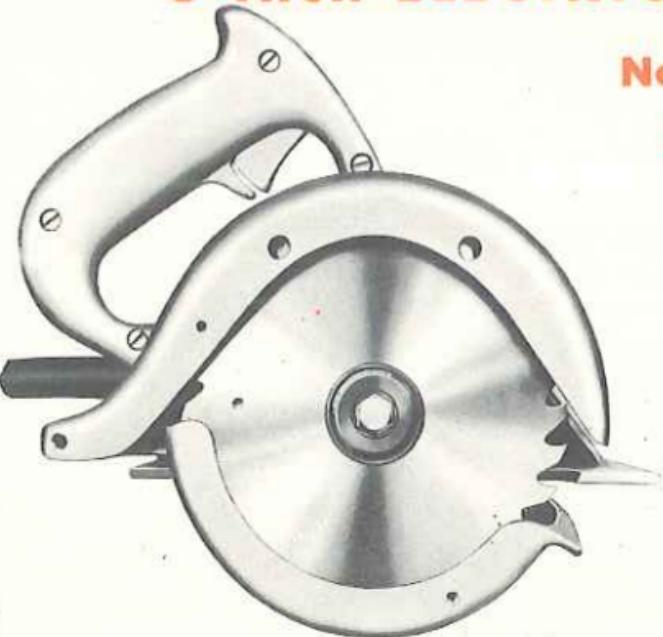

\* You can also equip this unit with different grades of grinding wheels, and with rag-buff wheels for buffing and polishing.

### Specifications

Wheel size.....	6" diam. x 5/8" face x 1/2" hole
Motor: Not Universal. Supplied for 115 volts 60 cycle A.C.	single-phase only. Not available for Direct Current.
Motor rating .....	1/4 h.p.
Weight: Net .....	31 1/2 lbs.
Shipping .....	34 lbs.
Overall spindle length .....	12 1/4"
Overall height .....	10"
Height to center-line of spindle .....	5 1/2"
Standard Equipment—	3 conductor cable and plug; toggle switch in base; 4-rubber feet, 2 wheel guards, 2 tool rests. 1 medium grinding wheel, 1 wire wheel brush.

# ELECTRIC HOME-UTILITY TOOLS

## 6-inch ELECTRIC SAW

New Low Price

**\$54.50**

Cat. No. HU-60

Designed for a variety of essential uses in general carpentry, home construction or alteration and many maintenance jobs on the farm.

**Diameter of Saw Blade 6-1/8"**  
**Depth of Cut 2-1/16"—Weighs 9-1/2 lbs.**

### QUALITY FEATURES

1. Trigger switch (2-pole) turns saw "off" instantly when trigger is released.
2. Aluminum housing give light weight and a compact, comfortable shape that saves time and effort in carpentry.
3. "Universal motor runs on 115-volts A.C./D.C.
4. A telescoping lower blade slides open and springs closed automatically for complete safety.
5. Saw dust is blown clear of the guide line in front of the saw.

The new Home-Utility universal motor is built by Black and Decker specifically for power sawing and provides more than adequate power for a normal 2" depth-of-cut. Along with superior balance and handling ease, many quality features are built into this new tool which give it durability and stamina well above the usual low priced power saw.

# ELECTRIC HOME-UTILITY TOOLS

## SAW BLADES for 6 Inch Saws

### 6 1/8-inch COMBINATION BLADE

Catalog No. HU-1600

A fast-cutting blade for ripping in all kinds of wood and general cross-cutting. Supplied as standard equipment with the Home-Utility 6-inch Saw. Price, each.....

**\$3.25 COMBINATION**

### 6 1/8-inch CROSSCUT BLADE

Catalog No. HU-1602

For fast, smooth cross-cutting. Makes a smoother cut than the Combination Blade. Price, each .....

**\$3.25 CROSS CUT**

### 6 1/8-inch PLANER BLADE

Catalog No. HU-1601

For making very smooth cuts, both rip and cross-cut, for interior woodworking. Price, each .....

**\$7.75**

**PLANER**

### 6-inch ABRASIVE DISC

Catalog No. HU-1603

For cutting slate, marble, asbestos, tile, transite and porcelain. Price, each.....

**\$3.00**

**ABRASIVE**

### 6 1/8-inch NAIL CUTTING BLADE

Catalog No. HU-1604

An especially useful blade in shipping and receiving departments and for building repair work. Rips out old flooring or cuts floor pockets without nail damage to saw blade teeth. Use wherever nails are to be encountered. Price, each

**\$4.25 NAIL CUTTING**

## DEPTH AND BEVEL ATTACHMENT

This one accessory enables the Home-Utility 6" Saw to:

1. CUT TO ANY SPECIFIED DEPTH FROM 0" to 1-15/16".
2. MAKE ANY BEVEL CUT FROM 45° to 90°
3. BEVEL CUT WITH THE DEPTH-OF-CUT REGULATED AT THE SAME TIME

The attachment is of steel and is assembled directly to the complete 6" Saw with two bolts and a machine screw. Once assembled there is no further need for removal as normal Saw operation is not impaired by this attachment—in fact the larger shoe area often proves convenient.

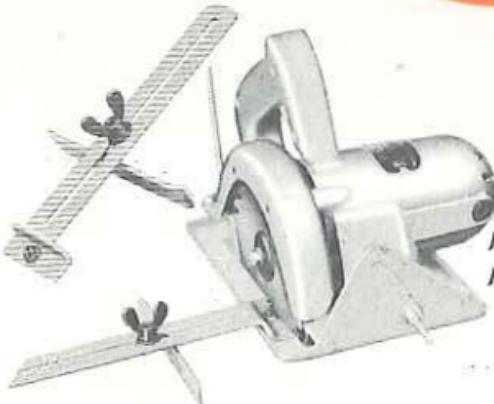

Both BEVEL and DEPTH-OF-CUT adjustments are controlled by two large wing nuts.

Depth-of-cut range: Attachment at 90°, 0" to 1-15/16".  
Attachment at 45° 0" to 1 3/8".

Cat. No. HU-1611.

**NEW LOW PRICE \$5.45**

# ELECTRIC HOME-UTILITY TOOLS

## RIP FENCE FOR 6-inch SAW

Maximum width of cut ...  $7\frac{3}{8}$ "  
Minimum width of cut...  $1\frac{1}{4}$ "

**\$3.00**

Cat. No. HU-1612

Holds the saw blade at a predetermined distance from edge of board in rip cutting. Also adapted to the multiple cross-cutting of short pieces. Attaches directly to existing holes in the Depth and Bevel Attachment shown on preceding page—only one bolt to tighten. Eliminates a great deal of lost time in scribing guide lines. Operates perfectly whether cutting at 90° or at bevel angles from 45° to 90°.

## SAW CARRYING CASE

Protect your 6" Saw in good or bad weather with this fitted, steel Carrying Case. Has plenty of additional room for extra saw blades, Rip Fence and extra Extension Cable. Also holds Saw in position with or without the Depth and Bevel Attachment assembled to it. Carry complete sawing equipment to the job—carry it in this handy protective case!

Cat. No. HU-1610

**\$6.00**

## 18 GAGE EXTENSION CABLE

Cat. No. HU-2299

**\$2.95**

This 18 Gage Extension Cable is suitable for all Home-Utility tools except the 6-inch Saw which requires a 16 Gage cable to prevent loss of power. Has third grounding wire to connect to third wire in tool cable and to a ground. Cable is rubber covered and has rubber plug and receptacle.
